WHY PURIFY?

The microbiome suffers due to toxic environments, nutrient-stripped foods, and a stressful, sedentary lifestyle. This suffering results in an unhealthy balance of good and bad bacteria, which ultimately impacts other systems in the body.

PURIFY KIT

Biome DT is one of five products in the Purify Kit, which includes a one-week supply of clinically formulated nutrition for the microbiome. Use the kit's carefully engineered supplements and adhere to the dietary guidelines to support your microbiome and begin your journey to Elite Health.
